

Notice of work

Baie-D'Urfé

Possible drop in water pressure at your tap

New end date

Start: March 21, 9 a.m.

End: March 29, 4 p.m.

Water supply maintenance

Important to know

Nature and impact of the work

- The city will be carrying out preliminary work to optimize the water supply system under Chemin Sainte-Marie, between 20 045 Chemin Sainte-Marie and Boulevard Morgan.
- While all precautions to avoid disrupting the network's continuous supply are taken, these operations could cause a drop in water pressure at your tap between **March 21, 9 a.m. and March 29, 4 p.m.**

For further information on drops in water pressure

- Visit the montreal.ca website.
- Enter "drop in water pressure" in the search engine.

Temporary interruption of the drinking water supply

- Affected buildings will be informed by a door hanger 48 hours in advance.

What is the purpose of this work?

- Improve the water supply system's efficiency and sustainability.

Work schedule

- From Tuesday, March 21 until Wednesday, March 29, 9 a.m. to 4 p.m.

We are aware of the inconvenience that this work may cause you, and we thank you for your cooperation.
